

2022-2023 BUSINESS PARTNER PROGRAM

Welcome to the New Jersey Association of Legal Administrators' 2022-2023 Business Partner Program. Our Chapter continues to be very active with a robust education program that we intend to continue and expand in the coming months. Our current and prospective members represent legal managers performing operations, administration, IT, HR, marketing, and finance functions.

We realize our members rely on you, our Business Partners, to keep them current in industry trends so they continue to add value to their firms. With that in mind, we recently revamped our Business Partner Sponsorship Program to give you more opportunity to network and have access to our members. And, of course, if you have additional ideas/thoughts/suggestions, the Business Partner Committee is interested in hearing from you.

It is vital that we offer the highest level of value to our Business Partners as we will continue to host meetings/socials during the year to make sure you are maximizing your sponsorship opportunities! It is up to you, the Business Partner, to take advantage of each and every benefit to maximize your sponsorship and visibility to our members!

As a valued business provider, you will have the chance to build relationships with key influencers and decision makers in legal management, representing over a large number of firms in New Jersey. Prospective Business Partners or current Business Partners who are interested in increasing their participation in the Chapter should contact the Business Partner Committee. Please take this opportunity to review the 2022-2023 Business Partner Brochure and our website at <https://www.njala.net/> for additional information.

As always, thank you for your interest and anticipated support of our Chapter!
